10/8/2021

Totals this year: 1371

Totals last year: 2077

Despite the limitations of COVID-19, our participation level was still 66% from the previous year.

Things that contributed to the fluctuation in numbers:

- Virtual classrooms, Facebook video classes and being able to run our summer rec and enrichment programs were positive contributors.
- Not being able to do family movie nights and in-person classes affected us adversely.
