General Guidelines

General Guidelines	
Required	<ul style="list-style-type: none"> • All student-athletes must be provided with a copy of the MSHSL COVID-19 Notice. • Athletic programs must follow the identified protocols for student-athletes or coaches who have tested positive, are experiencing symptoms consistent with a COVID-19 diagnosis or have had exposure to (close contact with) an individual who has been diagnosed with COVID-19. • Educate student-athletes about mask use, physical distancing, handwashing and sanitizer use, and other immune system protocols. • Any person who has had a fever or cold symptoms in the previous 24 hours must not be allowed to take part in workouts and should contact his or her primary care provider or other appropriate healthcare professional. • Pods must be no larger than 25. <ul style="list-style-type: none"> ○ Pods include student-athletes and managers. ○ Coaches do not need to be included in the pod count of 25 if they remain physically distanced and masked. ○ Pods are small groups of student-athletes always working out together. This will ensure limited exposure if someone develops an infection. • Student-athletes who are not participating in practice or a contest must maintain a physical distance of at least 6 feet from other student-athletes. This includes those on benches, sidelines etc. • Activities directors and coaches are responsible for assuring that their teams maintain physical distancing, masking and other requirements.
Recommendations and Considerations	<ul style="list-style-type: none"> • Social activities and congregation of student-athletes outside of practice and contests should not take place. • Carpooling of student-athletes is discouraged. If it is necessary for students to carpool, masks are encouraged. • Sportsmanship should have a constant presence in all school-based athletic programs. • Teams are encouraged to find appropriate methods of demonstrating good sportsmanship and respect towards others within the physical distance guidance. • Additional care should be taken when addressing contest officials with questions or seeking interpretations. At no time, other than in the natural course of competition, should a coach or student-athlete violate the required physical distance with an official. Any coach or student-

athlete who verbally interacts with an official must do so with a mask on and at a safe distance.

Locker Room/Indoor Space Use

- Whenever possible it is recommended that locker rooms or similar indoor spaces not be used.
- If locker rooms/indoor spaces are to be used:
 - Student-athletes must only enter the locker room/indoor space with their designated pod (Varsity, JV, B-Squad, etc.)
 - The locker room/indoor space must be completely empty prior to it being utilized by a new pod.
 - Student-athletes must maintain social distancing of 6 feet.
 - Student-athletes must wear an appropriate mask/face covering.
 - If the locker room/indoor space is not large enough to provide appropriate social distancing of 6 feet for the entire pod, then the pod must be divided into smaller groups that allow proper social distancing.
 - The locker room/indoor space must be sanitized after the complete pod has exited.
- If student-athletes are in distance learning they should arrive at the venue for practice dressed for practice.
- If student-athletes are in distance learning they should arrive at the venue dressed in uniform ready for competition.
- It is recommended that student-athletes shower at home after practice or competition. However, if school showers are to be used:
 - Student-athletes must maintain social distancing of 6 feet.
 - If the locker room is not large enough to provide appropriate social distancing of 6 feet for the entire pod then the pod must be divided into smaller groups that allow proper social distancing.
