### Upcoming Events

- November 28<sup>th</sup> & 29<sup>th</sup> ~ Fall Break
- December 5<sup>th</sup> ~ 2<sup>nd</sup> Quarter-Midquarter
- December 24<sup>th</sup> - January 9<sup>th</sup> ~ Winter Break

EXPLORE (8th Grade) & PLAN (10th Grade): Tests measure skills in the areas of English, Math, Reading and Science as well as career interests areas. These tests show how prepared students are for college and career readiness. The tests give individual scores in academic areas and uses the world of work map to show students their career interest areas. The school counselor reviews the results with students in small groups.

ASVAB (11th Grade): An aptitude test (measures general science, arithmetic reasoning, word knowledge, paragraph comprehension, mathematics knowledge, electronics information, auto and shop information, mechanical comprehension, and assembling objects) that is accompanied by a career exploration program. Members of the military and counselor share the results with the students.
