### School Board Approval

X We certify that we have approved this Achievement and Integration plan and will implement it as part of our district's World's Best Workforce plan (Minn. Stat. § 124D.861, subd. 4).

X We certify that we sought and received input on integration goals and strategies from councils as described on page 2. The council(s) included representation and meaningful input from our American Indian Parent Advisory Committee as required by Minnesota Rules 3535.0160, subpart 2, and Minnesota Rules 3535.0170, subparts 2-5.

## Plan Input

Minnesota School Desegregation/Integration Rule, part 3535.0170, subpart 2, requires racially isolated and adjoining districts to establish a multidistrict collaboration council to provide input on integration goals and to identify cross-district strategies to improve student integration.

Districts with racially identifiable schools are required to convene a community collaboration council to assist in developing integration goals and to identify ways of creating increased opportunities for integration at the racially identifiable schools (Minn. R. 3535.0160, subp. 2).

**American Indian Parent Advisory Committee** Districts with an American Indian parent advisory committee must include representation from this committee on the councils described above (Minn. R. 3535.0160, subp. 2, and 3535.0170, subp. 3).

For stakeholder input to be meaningful, it should be based on open communication and coordination that acknowledges and considers the views of all participants. For steps to ensure that input from your council is meaningful, see the Facilitation Guide in the [Achievement and Integration Plan Guide](#), and see the [Tribal Consultation Guidance](#).

Below, list your council members and identify American Indian parent committee members. Briefly describe council members' recommendations for your district-wide plan and for your racially identifiable school plans, as applicable. You may also include meeting dates and describe the process you used to ensure meaningful input from council members.

### Multidistrict Collaboration Council (MCC):

*Doug Bruggeman, Pam Daly, Jeff Drake, Chris Ellingson, Darren Kern, Renee Kerzman, Jim Kennedy, Brian Korf, Dave Kuehn, Rebecca Matejka, Rudy Martinez, Becky Wontor*

- *Due to the on-going limitations and challenges of COVID-19 over the last few years, Doug Bruggeman, our Achievement & Integration Coordinator has communicated with the MCC via email and phone calls. We have been able to implement some of our Intercultural Cross-District Classroom activities via Zoom and more recently, in-person. We also offered a video series option to our partnering districts.*
- *It is our plan to have an in-person meeting with the MCC before the 2022-23 school year for discussion about our Cross-District Classroom activities.*

### Community Collaboration Council for Racially Identifiable School(s):

*Brian Korf, Doug Bruggeman, Derrick Nelson, Rudy Martinez, Becky Wontor, Amy Korf, Terra Fitzsimmons, John Peter, Laura Januszewski, Rachel Haugrud, Lauren Siebels, Andy Rarick, Jannet Sanchez, Shari VerDorn*

## Submitting this Plan

Submit your completed plan as a Word document to MDE for review and approval (Minn. Stat. § 124D.861, subd. 4). Once it's signed, scan the signature page and save it as a separate PDF. Email your plan and signature page to [MDE.integration@state.mn.us](mailto:MDE.integration@state.mn.us). Detailed directions and support for completing this plan can be found in the [Achievement and Integration Plan Guide](#).

## Achievement and Integration Goals

This plan must contain three types of goals, at least one for each of the following:

1. Reducing the disparities in academic achievement among all students and specific categories of students excluding the categories of gender, disability, and English learners.
2. Reducing the disparities in equitable access to effective and more diverse teachers among all students and specific categories of students excluding the categories of gender, disability, and English learners.
3. Increasing racial and economic integration (Minn. Stat. § 124D.861, subd. 2 (a)).

## Strategies

Each goal should have at least one strategy. Number each strategy sequentially and give it a unique name. For each strategy, provide a narrative description as explained below. Districts may use Achievement and Integration revenue to pursue racial and economic integration and reduce achievement disparities between student groups through the types of strategies listed in the *Type of Strategy* drop-down menus below (Minn. Stat. § 124D.861, subd. 2).

**Integration Requirement** At least one of your strategies must be a student integration activity designed and implemented to bring together students from a racially isolated district with students from that district's adjoining Achievement and Integration districts (Minn. R. 3535.0170).

**NOTE:** If a strategy is intentionally developed to support multiple goals, list its unique name and number and provide the narrative description for that strategy under one goal. Include that strategy's unique number and name under the other goals it supports. You do not have to copy the narrative description for that strategy under multiple goals.

**Type of Strategy:** Innovative and integrated pre-K-12 learning environments. \* If you choose this, complete the Integrated Learning Environments section below.

**Integrated Learning Environments** (Minn. Stat. § 124D.861, subd. 1 (c)). If you chose *Innovative and integrated pre-K through grade 12 learning environments* as the strategy type above, your narrative description should describe how the different aspects of integrated learning environments listed below are part of that strategy:

- Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions.
- Provides school enrollment choices.
- Increases cultural fluency, competency, and interaction.
- Increases graduation rates.
- X Increases access to effective and diverse teachers.

---

**Goal #1:** Increase Reading and Math proficiency rates by 3% each year for FRP and ELL students.

**Aligns with WBWF area:** All racial and economic achievement gaps between students are closed.

**Goal type:** Achievement Disparity

### Strategy Name and #1 Core Literacy Support for high school and elementary students

**Type of Strategy:** Innovative and integrated pre-K-12 learning environments. \* If you choose this, complete the Integrated Learning Environments section below.

#### **Integrated Learning Environments:**

Uses policies, curriculum, or trained instructors, differentiated instruction or targeted interventions. Increases cultural fluency, competency, and interaction. Increases graduation rates.

#### **Narrative description of this strategy.**

Under the direction of two licensed teachers (one in the high school and one in the elementary) in separate classrooms, underserved students in the Pelican Rapids school district will receive individualized and group instruction to assist with their learning, adjustment and increase their scholastic abilities.

In our high school, a licensed teacher will develop curriculum and class activities to help decrease our reading gap scores.

- The Language Arts 180 course utilizes the READ 180 Universal program. Students will build upon reading, writing and language skills through whole group instruction, small group study, independent reading, and guided instructional software work.
- The elective course in Young Adult Literature helps develop reading and analyzing skills and students will be encouraged to utilize reading strategies to deepen understanding of texts, make personal connections, and analyze texts through different points of view.

In our elementary, differentiated instruction and targeted interventions are used for students ranging in English skills from little or no English to advanced students who require a boost to help them reach graduation level status. Teacher utilized developed curriculum is based on the years of experience working with these students.

Under the direction of two licensed teachers, (one in the high school and one in the elementary) in separate classrooms, underserved students in the Pelican Rapids School District will receive individualized and group instruction to assist with their learning, adjustment, and increase their scholastic abilities.

**Strategy Name and #2 Translator Support to foster family engagement**

**Type of Strategy:** Family engagement initiatives to increase student achievement.

**Narrative description of this strategy.**

With the variety of languages spoken in our district, translators will be used as needed support communication between school staff and parents. Being able to communicate with parents in their native language is especially beneficial during conferences and family nights when several translators are required in one-to-one situations at the same time.

- Designated staff will contact ELL parents to see if they have questions, invite them to fall and spring conferences, and other school events (such as family nights). Staff will also utilize the Interpreter Request Form as needed.
- Conference Attendance Report by Demographics will measure the KIP.

### Strategy Name and #3 Early intervention for students needing academic support

**Type of Strategy:** Targeted interventions and family engagement initiatives to increase student achievement.

#### Narrative description of this strategy.

A focused effort will be made to connect with parents/guardians of students with end of quarter/semester D's and F's to be proactive in planning interventions and strategies for academic success.

- Outreach includes:
  - a letter mailed home from the Dean of Students inviting parents to conferences and recommending our Viking Student Success (VSS) homework help program.
  - a VSS program flyer will be mailed home with quarter end report cards of students with D's and F's.

### Goal #2: Increase access to effective and more diverse teachers among all students

**Aligns with WBWF area:** All racial and economic achievement gaps between students are closed.

**Goal type:** Teacher Equity

### Strategy Name and #1 Educational Career Opportunities

**Type of Strategy:** Innovative and integrated pre-K-12 learning environments.

**Integrated Learning Environments:** Increases access to effective and diverse teachers.

#### Narrative description of this strategy.

In an effort to increase access to licensed teachers who reflect the racial and ethnic diversity of our students, Pelican Rapids Schools has continued efforts to develop teachers from within.

- We have been fortunate to hire highly qualified, diverse staff in our schools in our classrooms, District Office, Technology, and Finance departments.
- We have had numerous Hispanic and Somali adults working as MN Reading Corps Tutors and paraprofessionals over the years and have encouraged career paths in teaching for interested individuals.
- We will be providing the opportunity for staff to take a Para Pro test on site in August 2022.
- We also encourage many of our high school students to consider education as a career path and have developed an Intro to Education Course for students to learn about and explore teaching as a career (this is offered as a college credit through SMSU).

**Strategy Name and #2 Staff and student development**

**Type of Strategy:** Innovative and integrated pre-K-12 learning environments. College/career readiness.

**Integrated Learning Environments:** Increases access to effective and diverse teachers

**Narrative description of this strategy.**

Personal and professional staff development focused on awareness, understanding, and growth in the areas of culture, race, ethnicity, and poverty to reduce achievement disparities between student groups.

*Race is a Nice Thing to Have: A Guide to Being a White Person or Understanding the White Persons in Your Life* is designed to help white people fully recognize and accept their racial identity, assume the proper responsibility for ending racism, and develop an understanding of how racism impacts their own racial group.

- The book explores the meaning of race in society, the "color-blindness" movement, the problem of ignorance about Whiteness, the various phases of internalized racism, and other critical topics. Evocative and meaningful activities throughout the text foster reflection and increased levels of self-awareness and acceptance.
- *A Race Is a Nice Thing to Have* is part of the Cognella Series on Advances in Culture, Race, and Ethnicity. The series, endorsed by Division 45 of the American Psychological Association, addresses critical and emerging issues within culture, race, and ethnic studies, as well as specific topics among key ethnocultural groups.

*Top 20 Teachers: The revolution in American Education* celebrates the power teachers have to develop the potential in students, it provides immediately applicable concepts and practical tools for creating a safe culture in schools where children and adults enjoy working and learning together. We need to be aware of what is going on in our students and in ourselves. Critical to know how to see things differently, live above the line, create a positive culture, communicate empowering messages, create connections, and listen to understand.

**Goal #3: Intercultural Cross-District Classroom Partnerships**

This integration goal is designed to create equitable educational opportunities for all students. These cross-district activities enable students to interact with students outside of their school demographics to broaden their experiences with people of other racial, ethnic, economic backgrounds, interests, and abilities. There will be a minimum of 1 partnership between Pelican Rapids and each participating collaborative school per year. A Google survey was created to be given to all participating students after each event to measure the students' perceptions and attitude shifts.

**Strategy Name and #1 Cultural Trivia Olympics** (Fergus Falls, Underwood)

**Type of Strategy:** Develop Spanish language skills in a real-world environment

**Narrative description of this strategy.**

Spanish language students are teamed up and work together as members of a group based on a Spanish Speaking country.

They meet face-to-face in the fall for introductions and again in the spring to compete in the Cultural Trivia Olympics. Students continue to meet virtually throughout the year to complete assignments in Google Classroom that allow them to learn more about the culture of their team country and create questions for the Cultural Trivia Olympics in the spring. Students not only develop the skills necessary to work in a group as a team, but also put the cultural facts and language we are learning in the classroom to use in the real world!

In the fall when our Pelican Rapids students travel to Underwood or Fergus Falls, we visit a Mexican restaurant for lunch. Food is a big part of the culture of a country. We try new authentic Mexican food and use our Spanish language skills to talk about the menu and order food, etc.

When the Underwood and Fergus Falls students travel to Pelican Rapids in the spring, they visit the Mexican grocery store and have lunch at Escobar's (a local authentic Mexican restaurant) for the same reasons, to develop Spanish language skills in a real-world environment outside the classroom.

**Strategy Name and #2 College and Career Pathways**

**Type of Strategy:** College/Career Readiness Collaboration Activities

**Integrated Learning Environments:** Increases cultural fluency, competency, and interaction. Increases graduation rates.

**Narrative description of this strategy.**

Beginning in 9<sup>th</sup> grade, students from Detroit Lakes High School and Pelican Rapids High School will learn about and discuss career options. Aptitude and interests will be determined by utilizing career and college readiness tool. A Detroit Lakes instructional coach will assist with implementation of the tool and resulting inquiry.

As part of the collaboration, students will share their interest inventory and discuss career options. Students will meet face-to-face at a career fair to discuss careers of interest.

- Increases graduation rates.
- Increases access to effective and diverse teachers.

**Narrative description of this strategy.**

Each school designates a class or group that will watch a minimum of 2 episodes of this 7-part series over the next 4 months.

- Students will take a pre-survey to measure cultural awareness (i.e. multiple perspectives and the ability to build relationships with others who don't look like them, believe the same things they do, or live in their neighborhoods or communities).
- As this group of students watch each episode, they will answer a series of discussion questions that have been created and geared towards the episode they just viewed.
- At the end of the series we will set up a time, with each school, to bring some of the soccer players and coaches over for a meet and greet forum. The hope is that your students can ask questions that they may have developed over the series. We will hand out a post-survey at that time to measure any changes in cultural awareness.

These indicators are the evidence you will use to document how well each strategy is being implemented and whether or not they are helping bring about the intended outcomes for students. Use these indicators to assess the effectiveness of your strategies and to adjust what you're doing.

For strategies that provide school enrollment choices, such as magnet schools, and strategies that decrease racial and economic enrollment disparities, include at least one indicator that measures enrollment disaggregated by race/ethnicity and free or reduced-priced lunch (FRPL). Disaggregating your data may be relevant for other types of strategies such as those designed to increase access to effective and diverse teachers.

## Creating Efficiencies and Eliminating Duplicative Programs

Briefly explain how this plan will create efficiencies and eliminate duplicative programs and services (Minn. Stat. § 124D.861, subd. 2 (c)).

*The West Central MDCC strives to create efficiencies and eliminate duplicative programs and services. As a Multi-District Cooperative, we communicate regularly through emails, telephone calls and meetings to discuss programs that are beneficial and work on important issues such as: achievement gap reduction, meaningful and authentic integration activities, collaborative-wide academic and achievement gap reduction activities/programs, and equity. Additionally, efficiencies are created through linking the Achievement and Integration Plan, Goals, and Strategies to our district initiatives and funding sources, including World's Best Workforce Goals.*

## Racially Identifiable School(s) (RIS)

If you have been notified by the Minnesota Department of Education (MDE) that your district has one or more Racially Identifiable Schools, include goals and strategies for each Racially Identifiable School within your district. *If MDE has not notified your district that one of your sites is racially identifiable, delete this section.*

## Achievement and Integration Goals

This plan must contain three types of goals, at least one for each of the following:

1. Reducing the disparities in academic achievement among all students and specific categories of students excluding the categories of gender, disability, and English learners.
2. Reducing the disparities in equitable access to effective and more diverse teachers among all students and specific categories of students excluding the categories of gender, disability, and English learners.
3. Increasing racial and economic integration (Minn. Stat. § 124D.861, subd. 2 (a)).

**Aligns with WBWF area:** Choose a WBWF goal area.

**Goal type:** Choose one.

To add goals, copy the two lines directly above and paste them below the strategies supporting RIS Goal #1.

## Racially Identifiable School Strategies

Each goal should have at least one strategy. Number each strategy sequentially and give it a unique name. For each strategy, provide a narrative description as explained below.

Districts may use Achievement and Integration revenue to increase racial and economic integration at their racially identifiable schools and to reduce disparities between student groups through the types of strategies listed in the *Type of Strategy* drop-down menus below (Minn. Stat. § 124D.861, subd. 2).

**Integration Requirement** Include at least one strategy designed and implemented to increase racial and economic integration at each racially identifiable school (Minn. R. 3535.0160).

Copy and paste the strategy section below for each additional strategy.

**Strategy #** Enter a name and unique number for this RIS strategy.

- Uses policies, curriculum, or trained instructors and other advocates to support magnet schools, differentiated instruction, or targeted interventions.
- Provides school enrollment choices.
- Increases cultural fluency, competency, and interaction.
- Increases graduation rates.
- Increases access to effective and diverse teachers.

**Narrative description of this strategy.** Based on your description below someone reading your plan should understand what you are proposing to do, why you are doing it, and be able to recognize it if they see it. For example, explain what this activity will look like, what will be taught, which students will participate, how students are selected, intended outcomes for students, what will be assessed, how will instruction be delivered, and where will this take place.

Add narrative.
