I have read the Pelican Rapids Schools Driver's Education Overview and understand the following (check boxes below):

- Students are required to complete 30 hours of classroom instruction to be eligible for a "Blue Card".
- There is a Driver's Education fee of \$300.00 that must be paid in full before students are issued the "Blue Card". Students can then take the knowledge/permit test and begin driving with supervision. *Note: The Driver's Education rate of \$300 is for ISD 548 district enrolled students. The fee for non-enrolled students is \$350.00.*
- A total of 50 hours of supervised driving must be completed by the student and recorded on the [Supervised Driving Log](#). It is the student's responsibility to sign up for behind-the-wheel instruction after they pass their knowledge/permit test (scheduling specific dates will follow).
- Attending the optional **Point of Impact Parent Workshop** reduces the supervised driving time with an adult by 10 hours (from 50 supervised hours to 40 hours). This one-hour class is offered at no charge twice a year (once in the fall and once in the spring).
- In the event a student is unable to complete the classroom hours and/or behind-the-wheel training, refunds of fees will be reviewed on a case-by-case basis.
- Students may have the possibility of additional time as an observer in the car with another behind-the-wheel student.

This agreement/contract constitutes an agreement/contract between the program and the student/parent and no verbal statements or promises will be recognized.

We have read and agree with the terms and conditions described above.
