

Distance Learning Plan - Updated May 1, 2020

Overall Summary: *With the extension of distance learning to the end of the 2019-20 school year, teachers at Pelican Rapids Public Schools prepared additional instructional plans that will allow for meaningful, relevant learning so 'school' may go on albeit not in our buildings. We will continue to ensure that every student receives an equitable education and has equal access to learning and instruction during the COVID-19 pandemic. Please understand that this instructional platform is different for all of us, but we will continue to learn and improve as we move forward.*

Distance Learning

Summary

Distance learning engages students through access to appropriate educational materials and daily interaction with their licensed teacher(s).
