

Pelican Rapids Schools COVID-19 Dashboard

This dashboard will be updated weekly based on MDH data from the prior week.

Week of November 17

- Our District COVID-19 Team meets weekly to review COVID-19 trends in our district and community. At this time we have determined that we will continue with our current Learning Models.
- We encourage students, families and staff to be prepared for Learning Model changes as COVID-19 numbers fluctuate. We will continue to post updates on our website and Facebook pages and via Skylert.
- Due to the rise of active cases in our community, we encourage household gatherings during Fall break to include immediate family members only and ask that you take extra precautions if you have out-of-area family returning home.
- All staff and students who chose not to adhere to Governor Walz's mandate are asked to do distance learning for 14 days after the gathering. *Governor Walz's Emergency Executive Order 20-96: 10-person limit for indoor and outdoor gatherings, and limited to members of three households or less.*

<u>Viking Elementary Pre-K-6</u>		<u>PR High School Grades 7-12</u>	
Learning Model:	In-Person	Learning Model:	Hybrid
Total Number of Students:	426	Total Number of Students:	415
Number Quarantined:	89	Number Quarantined:	63
Total Active Cases:	5	Total Active Cases:	3
Percent of Active Cases:	1.2%	Percent of Active Cases:	0.7%
Total Number of Staff:	69	Total Number of Staff:	71
Number Quarantined:	3	Number Quarantined:	3
Total Active Cases:	2	Total Active Cases:	1
Percent of Active Cases:	2.9%	Percent of Active Cases:	1.4%

**Quarantine refers to the 14 day period those exposed to a close contact or those with a household member having a positive COVID-19 test result.*

Along with the COVID-19 confirmed cases in each of our buildings, decisions regarding the Current Learning Models are also determined by the following factors:

- Minnesota Department of Health guidance
- Data for K-12 School (14-day COVID-19 Case Rate by County)
- Otter Tail County Public Health guidance
- staffing needs and abilities
- ability to maintain health and safety guidelines

We continue to encourage social distancing, wearing masks, avoiding large groups, staying home when sick and washing hands frequently to slow the spread of COVID-19 so we can keep our kids in school.

IMPORTANT: Contact the District COVID Coordinator when you or a household member have been tested and/or are waiting for a test result. 218-863-5910 x4354.
